# About Task Design & Consultancy

Task Design & Consultancy is one of the fastest growing building design & real estate construction consultancy firms in Bangladesh.

We have plenty of experience in implementing various types projects and proven track records of providing economic design, efficient handling of difficult projects and innovative solutions to residential, commercial and industrial design and constructions.

We have a very capable & experienced advisory team comprises of professors of BUET & renowned Architectural schools abroad. Our BUET-based civil engineering team always excels at their tasks and continuously emerging into more dynamic and skilled at what they do!

Our mission is to provide economically efficient and environmentally sustainable industrial & housing solutions.

Our Vision is to act as a driving force to lead the country into the 4th industrial revolution in sustainable architecture.
